Access to more than 200 Nurses

In Tabeeb care we have access to more than 200 nurses plus our capability to recruit up to 500 nurses based on our long experience with recruitment agencies abroad

Hi-Tech Solutions

We embrace a digital solution "Home Care" that enhance our operations with a state of art home nursing and remote patient monitoring functions. The solution is specially designed for home healthcare and long-term care services

Quality

Tabeeb Care Medical Services is ISO certified for ISO 9001 and ISO 10002. Besides, we are in the middle of process JCI accreditation for home care

Global Partnership

We have built a consortium of world-class home care providers across continents to provide your patients with the best services This partnership comes in the context of global knowledge transfer and improving Qatar capabilities in home care services

In Tabeeb Care, we not only resource skilled nurses, we offer a complete home care solution encompass skilled and experienced nurses with a remote monitoring system with EMR. The full solution will provide the Private Nursing Service with a technology enabled tool to deliver, monitor and evaluate service seamlessly and efficiently. Our availability 24/7 over call center give us high flexibility in managing our client expectations.

WHO WE ARE

Tabeeb Care Medical Service (TC Nursing)

A 100% Qatari healthcare organization working in the medical field since 2017. The Owners and stakeholders are experienced in health-care for more than 15 years. We are providing a group of services including home nursing, elderly care, post surgery rehabilitation and others. Our nursing capacity up to 200 nurses. We are ISO 9001 and ISO 10002 certified.

As part of our improvement mandate we partnered with a group of industry leaders to enhance and support our services and bring the global knowledge to our practice. Through the built consortium we will be able to provide excellent services to our clients.

WHY TABEEB CARE

We in TC Nursing are providing the service by skilled practitioners to our patients in their homes and community under medical supervision and guidance. Our Home health care services include Geriatric Care, Paediatric Care, Maternity Care, Therapeutic rehabilitation and Disability Care, Special Needs and Travel Assistance. Our goal of to help Qatari people who in need of this service to improve function and live with greater independence; to promote the client's optimal level of well-being; and to assist the patient to remain at home, avoiding hospitalization or admission to long-term care institutions.

Patient & Person Centered

Providing care that is respectful of and responsive to individual patient preferences, needs, and values, and ensuring that patient values guide all clinical decisions," we offer an optimal opportunity to identify and respond to the needs of individual beneficiaries and families.

High Quality

Tabeeb Care consistently delivers the highest quality care for their patients. we provide specialized care for clinical conditions, such as heart failure or major joint replacement. We are flexible and responsive to changes and consistently provide reliable, high-quality care that allows patients to get and remain at home safely

Seamlessly Connected & Coordinated

We coordinate patient care and ensure successful transitions from institutional care to the home. During this transition, as patients interact with a wide range of health care providers, so we have the tools to manage care across these disparate entities and coordinate care

Technology Enabled

Our operating model is technology driven. We are pioneers with using technology, such as remote monitoring, to improve patient care. Our Home care system promises to enable improved care coordination, quality, and efficiency.

PROFESSIONALISM

Our team, technical and managerial, are qualified to lead healthcare services. We are knowledge-based organization investing on Continuous Professional Development CPD to keep our staff up to date

EFFICIENCY

Our teams just use the right combination of inputs to produce a given mix of high quality services. Simply they are just doing the right things

DEDICATION

Our team is relentlessly focus on providing high quality nursing and life care services for all patient effectively and efficiently

INTEGRITY

Consistency in actions, expectations, measures, methods, outcomes, principles, and values. Integrity means our actions are honest and trustworthy.

RELIABILITY & SAFE

We are adopting the Prevent, Identify-and-Mitigate, Redesign approach that IHI has created for increasing reliability of care we provide to our patients

RESULT DRIVEN

We are result oriented team with focus on achievements and success. We have a well defined monitoring system with a set of input, process and output KPIs.
